How does Video Trivia work?

Video Trivia still has the DJ/Host who runs the show, with all the questions, music, and entertainment you've come to expect, but The Trivia Zone adds the VIDEO ELEMENT. That is, your Trivia Host is able to tap into the TV and show all the questions on one or multiple screens. We can add pictures and movie clips, plus promote daily specials and future events at the bar!

What makes Video Trivia so much better?

Video Trivia addresses two major trivia player complaints...

“What was the question again? I couldn't hear him!”

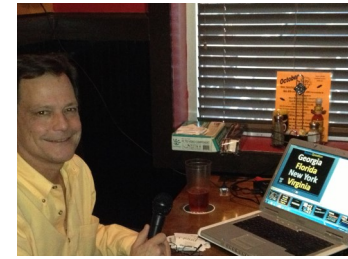

“Hey, those cheaters are using the internet!”

With video trivia, if you didn't hear the Trivia Host when he asked the question, no problem... It's right there on the TV screen!

For those who think of Google as their best teammate, it's a lot tougher to type in question when all you have is a picture to go on!

So what's the cost?

The Trivia Zone offers a variety of packages for REGULAR and VIDEO trivia- We want your business and will develop a package & price that fits your budget.

Other Services:

Corporate Events

Team Building

Fraternity/Sorority Events

Private Parties

Make it a memorable event! Our design team will customize a trivia show and materials with your company/organization logo or party theme. Other formats such as “Game Show” and “Speed Trivia” can be tailored to your individual needs. Contact us for additional details and pricing.
